

DATA CENTRE OFFICE RE-FIT – Heathrow, UK

Client: International Telecoms Company

Value: £1.25 million

Data Centre Offices – Heathrow, London

Description:

As part of a major Data Centre construction project, Earth Tech fitted out 33,000 SF of office space on three floors. Earth Tech's role on this project was:

- .. Planning Supervisor
- .. Project Manager/Construction Manager
- .. Principal Contractor
- .. M & E Designer

Earth Tech worked closely with the client and a local Architect to plan the internal fit out. The scope of the fit out works was as follows:

- .. Modification to A/C and heating systems & New BMS
- .. New fire alarm system
- .. New Inergen gas fire suppression system to control room
- .. New access control system
- .. Partitioned offices, meeting rooms, control room and storerooms
- .. Re-decoration and new floor covering
